

# Is your child struggling in school ?

Are you a parent of an older child(ren) in middle or high school with learning issues?

Please come  
discuss and  
explore strategies  
to support children  
in school.

May 18 2010

Time: 6:30 - 8pm

Place: West

Cambridge Youth Ctr.  
680 Huron Ave

\*\*\*Childcare available

If you answer yes to any of these questions, then join us on our listserv & at the meeting:

Do you have a 504 plan or an IEP?

Have you wondered how to support your child with ADHD, Dyslexia, Learning Disabled or other issues, regardless of whether they're on a 504 or IEP?

Think your child could benefit from an Executive function coach? Does your child have poor organizational skills, time management, etc?

The issues we hope to discuss at the meeting, so we can communicate them to CPS staff:

How are accommodations implemented?

What resources are available for academic supports? (In school and after school)

Do you have a "transition plan" - (planning for the transition to after high school settings)? Learn what it is and if your child needs one ?

Are there liaison staff members - someone who works with you & your child to communicate with school about IEP's, 504's, accommodations, etc. ?

If your child has health issues that interfere with school, what services /supports are available ?

What about kids with learning issues playing sports? Is academic eligibility an issue? Transportation ?

We are a parent run group of children with Learning issues/special needs.

Voice your concerns, connect with other families for support.
