The East Cambridge Planning Team is holding this emergency meeting to respond to the many complaints of flooding in basements in East Cambridge after the storms in July which produced havoc for many residents who are now faced with the clean up. Not everyone has insurance to cover the cost. If enough residents petition, there could be monies made available to help.

Please encourage any neighbor who has had water/sewage spillage to attend. Not everyone is on our mailing list. We need to find out what the city can do to prevent this disaster in future.
